

Educational Scholarships
To Norwell Students
Since 1988

Dear Neighbors,

For over 25 years, the Norwell Men's Club has raised funds for **educational scholarships** awarded to Students in our Community. **We are a registered 501(c)(3).**

Perhaps best known for our Town Fair (some years ago), we engage in supporting the Boosters, town sports and our local Community. We hold monthly, open meetings, that build a connection between fathers, coaches and neighbors; both new and old.

Over the past 8 months:

- We re-vitalized our Town Center Christmas lighting with a half-mile of eco-friendly, bulbs.
- Provided a repeat scholarship to a Student in her second year of College.
- Provided a new award to an out-going senior.

We are holding this Summer Dance **to make a third** Educational Scholarship Award this year.

By coincidence, our last two scholars will be alma mater of Providence College. One recipient is about to begin her journey in higher education and another, repeat recipient, is just finishing her second year at Providence.

- Students are asked to submit a short essay, explaining their perspective on life in Norwell as a foundation for their character, community spirit and goals for life. The **NorwellGiving** Education Committee (Chaired by a resident of 20 years, Scott Achorn) then selects the recipient for the award.

The **June 23rd Disco** is a fund raiser that we hope to repeat each year. Kids have enjoyed their Prom and Graduation Parties, and now it is time for the Parents to have some fun to kick the Summer off with their neighbors.

We look forward to seeing you at the **Cushing Memorial Hall, in our Town Center, 8pm on June 23rd**. While this year is commemorating the loss of local legend, Donna Summer, perhaps next year we will be enjoying 80's Rock or a live 4 piece Jazz ensemble.

Thank-you for your support,

Steve Peden, President.

Scott Achorn, Chair, Education.
